ABOUT TCA

Tech Coast Angels (TCA) is one of the largest angel investor networks in the nation, and a leading source of funding for seed-stage and early-stage companies across all industries in Southern California. Our deals are led by an Annual Fund and supplemented by individual member checks at the option of our entrepreneurs.

TCA members are accredited investors who collectively invest in startup companies in the range of \$250k to \$2M as a group. The companies that TCA invests in go through well-structured, transparent, and time efficient screening and due diligence. TCA members are themselves founders and executive level business leaders who have extensive knowledge in the investment process and world-class business practices. Thus, TCA members provide companies with more than just capital; they also contribute counsel, mentoring and access to an extensive network of investors, customers, strategic partners and management.

TCA is a catalyst in the growth of the Southern California entrepreneurial thriving ecosystem of innovation. Our funding activity focuses on emerging technologies and life science companies.
